

Lake-Lehman Junior/Senior High School

Parent/Guardians,

Lake-Lehman Junior/Senior High School will begin Keystone testing on May 13th, 2024. Lake-Lehman has traditionally ranked as one of the highest performing schools in the region. We look forward to continuing this trend by showcasing our students through a great testing year. Please help support your students by encouraging their best efforts. We will test one section per day. Encourage students to have proper rest, a good breakfast, and a good mindset for testing.

Below is the testing schedule for the Junior/Senior High School:

Algebra: May 13-14th

Literature: May 15-16th

Biology: May 20-21st

According to Act 158, students must meet one of the five Pennsylvania Graduation Pathways to be eligible for graduation. Please visit the guidance page on the Junior/Senior High School website for more information regarding Graduation Pathways.

Department of Education information regarding testing is attached.

Thank you,

A handwritten signature in blue ink that reads "MKg".
