Kaitlyn Marx, Senior

November 21st marked the Lake-Lehman Semi Formal. This year, the semi was held at a new location, The Beaumont Inn. The venue was beautifully decorated with a rustic style and pumpkins were the centerpiece at each table. The dance started with a wonderful dinner with a variety of tasty foods. The most popular seemed to be the chicken fingers! In addition there were mashed potatoes, pasta, meatballs, mac and cheese, warm rolls, salad, and delicious desserts. Shirley temples filled every table and the photo booth seemed to have worked overtime. With different filters and props the photo booth provided a keepsake to remember the night. After dinner the night truly kicked off! The dance floor was filled and the DJ kept the vibes up all night long. ABBA, Shakira, Rihanna, and Drake are just a few of the artists of the night. The semi formal was unforgettable and we are so appreciative of all involved to make it happen!

Ring Day

class of 2027

On November 26, the Class of 2027 participated in the traditional ceremony of Ring Day--an honored tradition at Lake-Lehman that takes place the Wednesday before Thanksgiving. Conducted by class officers, Presiden Anthony Magnotta, Vice President Grafton Yanuzzi, Secretary Sara Womach, and Treasurer Betsy DiGiovanni, students were reminded that the ring is a symbol of their unity as Knights with no beginning or end. Juniors shared in these messages with recurring themes of our mission as Knights. Wearing the ring reminds them to always pursue mastery, be independent, and to give generously to their community. Juniors then participated in the traditional turning of the rings. This year 126 times toward the pinky or thumb and then once in the opposing direction to lock the ring's significance. The class was treated to a luncheon held in the gym celebrating their milestone event. Congratulations Class of 2027; best wishes as you continue your journey as Knights.

Knights at Work—*Humphrey's* *Jellycats, Labubus, and More!* Campbell Yanuzzi, Freshman

2025's new era of toys is here at Humphrey's Apparel and Toys! We have all the latest, hot trends of the season. Jellycats and Labubus have been a big hit at the toy store. The "Big Into Energy" Labubus have been the bestsellers. I'm sure many of you are familiar with Labubus, but in case you aren't, a Labubu is a small monster that has stolen the hearts of kids, teenagers, and adults worldwide. They've become very popular on social media apps like Tik Tok and Snapchat. Additionally, Labubu clothes and accessories are trending. From hats to sunglasses, sweatshirts, and skirts, Humphrey's has it all. There are also Labubu gloves, hair ties, and earmuffs for the kids, too! On another note, Jellycats are a huge topic, as well. Jellycats are stuffed animals that range in many sizes. They are adorable plushies that many people thoroughly enjoy. There are unique Jellycats, and simple ones too, but they are all cuddly and sweet. Personally, I've fallen into the Jellycat craze myself. Some of the bestsellers we have are Bartholomew Bear and the Amuseables Peanut. If you're unsure what to get your friends and family this holiday season, Humphrey's Apparel and Toys has got you covered!

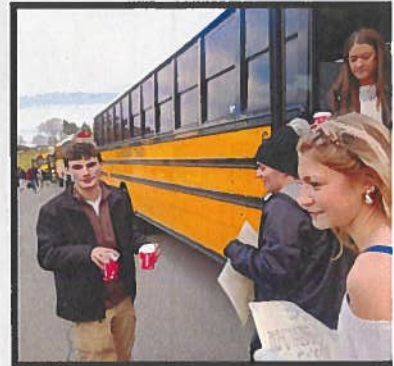

From the desk of Mr. Major...

We're excited to share a new initiative we're launching here at Lehman: our Life After Lehman Senior Pennant Project!

Once a senior officially commits to a college, trade school, military branch, law enforcement branch or career pathway, we will create a personalized pennant featuring their name and corresponding logo. These pennants will be proudly displayed in the main lobby, celebrating their ambition, hard work, and the many accomplishments that led them to their post-graduation choice.

Throughout the rest of the school year, keep an eye on our lobby—our collection will continue to grow as our seniors finalize their future plans!

Be sure to take a moment and congratulate our seniors on their exciting journeys ahead!

Recently the Interact Club held Cocoa at the Curb. Bus and Van drivers were treated to hot chocolate and treats to thank them for all they do to ensure our students safe passage to and from school.

CLUB CORNER

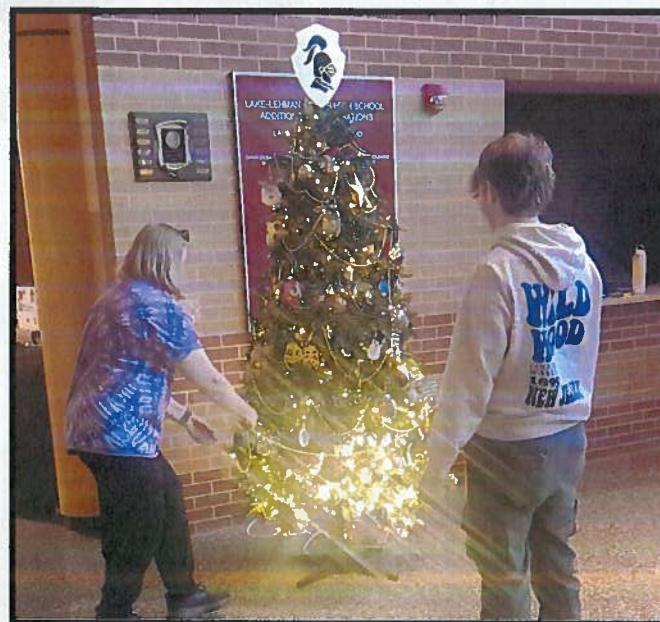

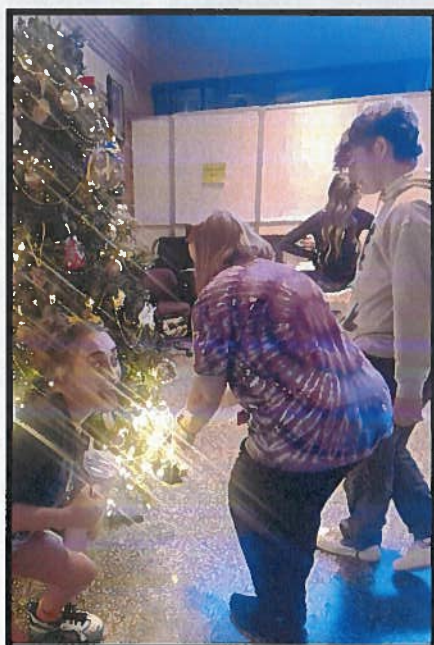

Students Kayal Solick and Paul Matreseva accompanied Mrs. Honeywell at the Representative Jaim Walsh's Veterans Expo at Misericordia University to honor veterans. Paul was in charge of distributing thank you letters from 7th grade ELA students and Kayla read the "Missing Man" poem at the program.

Interact Club plays Bingo at the Meadows

Key Club busy decorating the annual "Communitree" in the lobby.

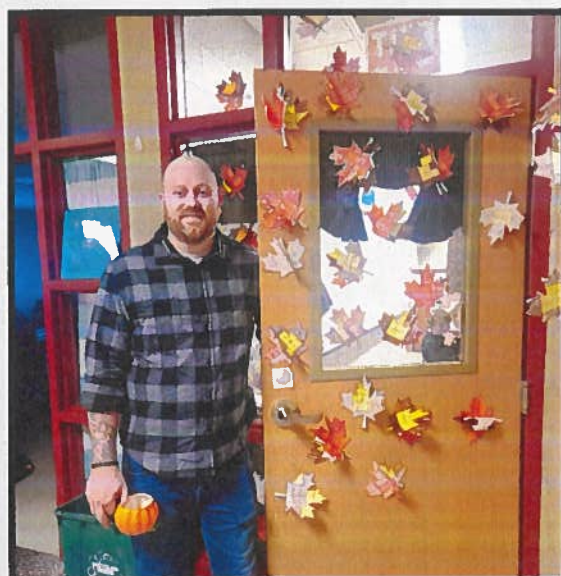

CLUB CORNER

Junior High went to see Mr. C's Science Live at the Kirby Center

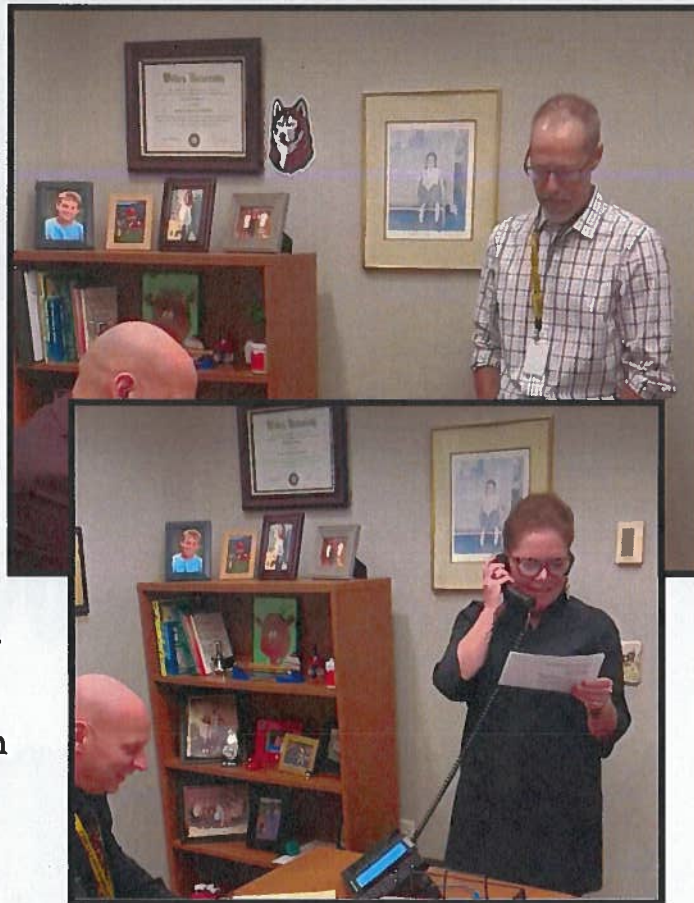

Mr. Sobocinski recently added a "new student" to his roster-meet Newton!

Mr Yankowski raked the leaves from his students.

Mystery Singer Rocks the Halls

Mr. James started a new and exciting event this year. He calls it Mystery Singer. Each month a new faculty or staff member takes the microphone and sings their version of a hit. In October the mystery singer was Mrs Molino who sang "With a Little Help from my Friends" by the Beatles. Mrs Berrettini was the winner. October bought an enthusiastic Mr Sobocinski who sang his own rendition of "Summer of 69" with "Summer of 25". The winner was Mr. Kupsky. The ninth caller wins a free dress down and students in the class win free candy from the candy cart.

Stranger Things Season 5, The Final Season

Stranger Things Season 5 is finally dropping, and it's going to be huge! Netflix is splitting it into three parts. The first four episodes come out on November 26th, 2025 which is less than a week away! Then, Netflix hits us with three more episodes on Christmas Day, and the big finale arrives on New Year's Eve. This season has only eight episodes, but it sounds like there is going to be a lot of action in every episode. There's a two hour finale episode, so the ending should feel really epic. According to the Duffer Brothers (the directors and creators), this is the final chapter and season of the Stranger Things story, so expect some big farewells. The cast we love, Eleven, Mike, Dustin, and more are all coming back. And there are some new faces too. The season is set in fall 1987, so it's going to bring that nostalgic 80's vibe but also major threats from the Upside Down (the alternate world). In the trailer, it looks like the Hawkins crew might be preparing for the final battle against the antagonist Vecna. Honestly, I'm so excited and kind of scared, because since this is the end it needs to go out with a bang.

Ariana Crothers, Sophomore

Congratulations to Mrs Woronko who was recently voted by the community in The Times Leader as 2025 Best of the Back Mountain High School. Teacher. Mrs Wonoroko teaches AP Literature in the high school and incorporates creative techniques, challenging reads, and high expectations to ensure her students' success.
