

LUZERNE/WYOMING COUNTY EARLY INTERVENTION

THERAPEUTIC PRESCHOOL PROGRAM

WHAT IS A THERAPEUTIC PRESCHOOL?

Hazleton Early Intervention, in partnership with the Children's Service Center, has developed a program designed to meet the growing need for mental health services for preschool children, ages 3-5, whose behavior impacts their ability to maintain placement in daycare. This full-day, five-day-a-week program offers a comprehensive range of services aimed at enhancing children's academic, social, and behavioral development.

What services are offered in this program?

- Mental Health Services
 - PCIT Therapy
 - Psychiatry
 - Family Therapy
 - Family Peer Support
- Early Intervention
 - Individualized teaching in academics
 - Speech Therapy
 - Occupational Therapy

What are the benefits of this program?

- Full-day program
- Door-to-door transportation
- Mental Health Providers and Educational Staff on sight
- Group and individual therapy
- Social Skills training
