June 5, 2023

Welcome to the Junior/Senior High School! We are excited for you to begin your junior high career with us. We hope some of your questions were answered during your tour. Stay tuned for an announcement to come in and view the building toward the end of the summer. We have enclosed your course requests for the 2023-2024 school year.

Each sixth grade student is assigned to courses based on the following criteria: **assessment data, sixth grade classroom performance, teacher observation, and evaluation.** When assigning courses for the upcoming year, your child's teachers have carefully considered these criteria, as well as, the honors course criteria developed by the faculty at the Junior Senior High School. In addition, if your child has an IEP or GIEP, his/her schedule has been finalized in their individual meeting.

Appropriate course assignments are critical for each student. We are asking that you familiarize yourself with the course descriptions found in the **Junior High Curriculum Guide** located on our website at http://www.lsd.org/Academics_Curriculum.

If you have any questions about recommended courses, please contact your child's teacher and email Miss Peyton Roberts at Robertsp@lsd.org.

Thank you,
Miss Peyton Roberts
