## Fun at Ross!!

Global Play Day was a huge success at Ross all students participated and had a wonderful day playing with all their non-electronic toys and the paper airplane competition! For Valentine's Day, our 4th-graders spread the love by making soft blankets to be donated to the Danville NICU for all of the babies in the unit. Each blanket will provide comfort for babies during their time in the hospital and will be sent home with them when they are strong enough to go home with their families.

## Mrs. Everett's School Counseling Corner:

In our February guidance lessons, we learned about problem solving/conflict resolution and how we can positively work out a conflict or problem. In March, we will be busy learning about growth mindset - what it means and how we can get better at things through hard work! Also throughout February and March, students are being invited to have an optional Lunch Bunch visit in Mrs. Everett's office where we have lunch, get to know one another better and have some fun!

## February Principals' Toast Recipients:

This month we started "Principal's Toast" at Ross. Teachers are asked to nominate one student per grade each week who they see as outstanding from their peers for any reason to celebrate their successes with Principal Nonnenberg. The students have a fun, laid back morning "toast" with superhero toast, juice and music in Mr. Nonnenberg's office. The students get to relax, kick back and enjoy school from the other side of the desk for the morning. Check out the website for more photos and for the reasons why each of these outstanding students were nominated to have a Principal's Toast.
